One of the suspects was in their hometown when the crime was committed. Start at the arrows and follow the 6 times table path to each town.

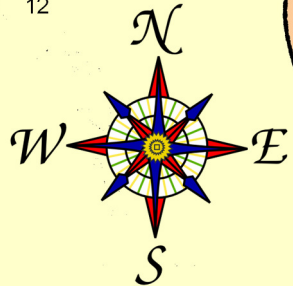

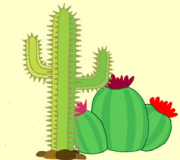

The path with the most mistakes is the hometown of a suspect who is not guilty - you can cross them off your wanted poster.

Four horses are at the end of the 6 times table path. Can you find out which horse is the one you are looking for by getting all of the answers correct? You can cross the owner of that horse off your wanted poster.

Start here!

Chickasaw Gust

Sioux Tornado

Arapaho Typhoon

Hopi Hurricane

One of the suspects was not in town when the crime was committed because they had caught the stagecoach to their hometown. Start at the arrow and follow the 6 times table path until you find out where they were heading to. You can cross the suspect from that town off your wanted poster.
