TOMBSTONE

The town features the following buildings and landmarks:

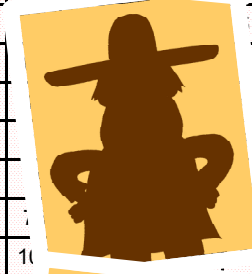

- STORE**: A two-story wooden building with a red door.
- STABLE**: A wooden building with a green sign and a ladder.
- BARBER**: A small wooden building with a sign.
- Church**: A white building with a steeple and colorful windows.
- Town Hall**: A large, ornate building with a pediment and columns.
- SCHOOL**: A small wooden building with a bell tower.
- SALOON**: A wooden building with a sign and a doorway.

- HOTEL**: A large, multi-story building with a sign.

There are also several cacti, a banner that says 'TOMBSTONE', and a sign that says 'Fairbank'.

One of the suspects is hiding in Tombstone. Start at the arrow and follow the 9 times table path. If you find a number not in the 9 times table then that road is blocked! Try another route and eventually you will find yourself at the front door of one of the buildings. The suspect who has this building as their hideout can be crossed off your wanted poster.

CAN YOU HELP SHERIFF? THE OWNER OF THE SALOON IN DEADWOOD TOOK A PHOTO OF A GUEST AS THEY LEFT BUT ONLY GOT THEIR SILHOUETTE. THEN THE SILLY FELLOW MIXED THE PHOTO UP WITH SEVERAL OTHERS! CAN YOU FOLLOW THE 9 TIMES TABLE PATH FROM THE ARROW AND WORK OUT WHO WAS IN THE SALOON AND CANNOT HAVE COMMITTED THE ROBBERY? YOU CAN CROSS THEM OFF YOUR WANTED POSTER.
