

Dear Captain _____,

Following the kidnapping of Lady Elizabeth Winston-Smyth, daughter of the Governor of Jamaica, Her Royal Majesty, Queen Anne, orders you to find the pirate who is guilty of this heinous crime and return the Lady Elizabeth to her father. You will find details of the five suspects at the bottom of this commission. Use your contacts (I would recommend making contact with Major Astoria and possibly even Snaith the Smuggler) to eliminate all but one of the suspects... Then you will have the culprit.

We consider it likely that you need to work out the answers to the pairs of questions, then find where the answers intersect on the grid. This gives you some information about your suspects - perhaps the name of their ship or home port . You can rule out the suspect that there is no information about...
